

Beading Hearts

The Big Idea

This Valentine's Day, create a bracelet to wear or beaded heart you can add to your backpack. Make two so you can give it to a friend.

Things to Gather

Supplies Needed:

- Pipe Cleaners for younger kids
- 20-gauge wire (available at bead stores)-older kids
- Scissors
- Needle-nose Pliers
- Beads

Instructions

Put it Together

1. Snip a length of wire and bend it into a V shape.
2. String on the beads (tape the wire's cut ends first to protect smaller children).
3. Finish by bending the beaded wire into a heart, then twisting the ends together with the pliers.
