

THE GREAT BACKPACK STACK

Who can create the highest backpack stack?
Happy Stacking!

It is September, school has just started and everyone is thinking school and school supplies. Invite your families to buy a few extra supplies to donate to your local Title 1 school. Have your children place the items into backpacks and stack them up. This is a great activity to create a little competition (Boys vs. Girls, Younger Elementary vs. Older Elementary) Note: Backpacks that are filled unevenly don't stack as well!
