

AGENCY D3 SECRET ASSIGNMENTS

Don't let the fun of this summer's VBS stop just because the school year has started.

Provide each of your kids with a Top Secret Assignment from Agency D3.
A great agent will do the mission without anyone knowing.

Place their mission inside a manila envelope with the child's name on it, and the words "Top Secret" on the outside. Mission ideas might include; sit next to the unpopular kids at lunch, write a thank you note to your teacher, draw a picture for a friend, invite a friend to church, do a chore for your sibling, etc. The list is only limited by your imagination. Have kids return their assignment the following week. Or if you want to "push the envelope" have the kids race to see how many they can complete throughout the month, and have new assignments available at each gathering.
